OTHER: reduces property value, fire hazardProperty Uses:
Agriculture, ResidentialComment:
Our retirement home land [Lot 45, Phase 1 of Hatchet Ranch] was chosen carefully for the following reasons: 1) Underground utility and cable lines 2) Uninterrupted mountain and sky views. We will not allow high power poles and lines on our property for all the above reasons checked off in the impronotat issue section above. Run the poles along the highway where easments were created for that reason; where fire trucks can address any sparking or fires and where the least amount of residential proerties are impacted.
